

YOU CAN FEEL SAFE WHEN VISITING UBP

In line with health authorities' guidance regarding the COVID-19 pandemic, we apply strict hygiene and social distancing measures across all our buildings.

All our meeting rooms are fully disinfected after each meeting

Shared spaces (entrances, reception areas) are regularly disinfected throughout the day

Sanitising gel is available at our entrances, reception desks and/or meeting rooms

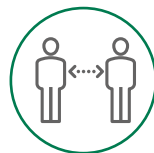

Facemasks are systematically offered to our visitors (some local health authorities may require they be worn at all times)

Temperature checks are available on request (some local health authorities may make this check mandatory upon entry)

A maximum number of occupants has been set for each room

UBP staff has been briefed to strictly apply social distancing rules

Please ask us if you require any further measures to be applied or if you have any questions.
