

## Key investor information

This document provides investors with key information about this sub-fund. It is not a promotional document. The information it contains is provided under legal obligation to help you understand the nature and associated risks of investing in this sub-fund. You are advised to read it in order to make an informed decision on whether or not to invest.

### High Grade CHF Income Plus (the sub-fund)

is a sub-fund of UBAM (CH) (the Fund)

#### Class U+ (the class) (ISIN: CH0521629078)

Fund management company: GERIFONDS SA, a company of the Banque Cantonale Vaudoise (BCV) group

### Objectives and investment policy

- The sub-fund aims to generate stable yields in Swiss francs by investing directly and/or indirectly in Swiss and international bond markets, investment Grade and high yield (up to 25%).
- The sub-fund is actively managed in order to benefit from all yield opportunities presented.
- The sub-fund's assets are exposed to bond markets directly or through the use derivative financial instruments. Speculative securities (High Yield) are limited to a maximum of 25% of the sub-fund's assets.
- For direct investments, currency risks are hedged against the sub-fund's base currency.
- Investors may request to redeem their units every banking business day, unless the position price held by the sub-fund is unavailable (closed market).
- The class distributes its net income once a year.
- The class supports its own transaction costs reducing its yield.
- The class is open to all investors authorised to invest by virtue of a specific written agreement entered into with UNION BANCAIRE PRIVÉE, UBP SA, or another entity of the UBP Group and distributors do not receive any retrocession for their distribution activity.

### Risk profile and income

1	2	3	4	5	6	7
---	---	---	---	---	---	---

- The risk category represents the annual historical volatility over a period of 5 years.
- Simulated and historical data, such as the data used to calculate the synthetic risk indicator, may not be a reliable indicator of the future risk profile of the class.
- The risk category shown is not a target or a guarantee and may change over time.
- The lowest risk category does not mean a risk-free investment.
- The sub-fund is exposed, directly and/or indirectly, to high quality or speculative debt securities of public or private issuers around the world, which explains the assignment of this risk category.

- The sub-fund offers no guarantee or protection of capital.

The class is also exposed to the following risks that are not taken into account by the risk indicator:

- Credit risk: The sub-fund invests in bonds; issuers may not be able to fully repay the loan.
- Liquidity risk: A market's possible inability to absorb given trading volumes, thus affecting the purchase and sales of positions held by the sub-fund.
- Counterparty risk: When a third party (borrower or structure) is not able to meet its obligations to the sub-fund, which may adversely affect the value.
- Operational risk: Arises when inadequate or defective internal processes negatively impact the value of the sub-fund.
- Risks linked to derivative financial instruments: Their value is dependent of that of an underlying asset. A marginal change in the price of the underlying asset may cause a significant change in their price.

## Fees

### Fees charged to the investor

Issue fee	None
Redemption fee	None

The percentage shown is the maximum that can be deducted from the capital invested by the investor.

### Fees charged to the assets of the class over a year

Ongoing costs	0.25%
---------------	-------

### Fees charged to the assets of the class under specific conditions

Performance fee	None
-----------------	------

The fees are used for the operation of the class, including its

marketing and distribution. These fees reduce the potential growth of the investment.

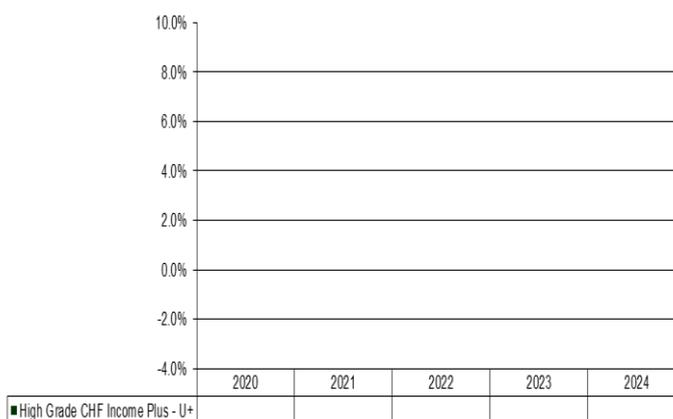

The **issue and redemption fees** are maximums and, in certain cases, the investor may pay less. Please consult your financial advisor or distributor for the actual amount of the issue and redemption fees.

The **ongoing costs** are an estimate as the historical data are insufficient. They do not include transaction costs paid to third parties, except for costs related to the issue or redemption of units in target funds.

For further information concerning fees, please refer to the "Fees and expenses" section in the Fund's prospectus.

## Past performance

The class was launched on 11 May 2020 (the sub-fund was launched on 15 April 2020). There is not enough data to provide investors any useful indications of past performance.
