

## Key investor information

This document provides investors with key information about this sub-fund. It is not a promotional document. The information it contains is provided under legal obligation to help you understand the nature and associated risks of investing in this sub-fund. You are advised to read it in order to make an informed decision on whether or not to invest.

### Gold + (the sub-fund)

is a sub-fund of UBAM (CH) (the Fund)

### Class (CHF) IH (the class) (ISIN: CH0117983335)

Fund management company: GERIFONDS SA, a company of the Banque Cantonale Vaudoise (BCV) group

## Objectives and investment policy

- The sub-fund's objective is to minimise volatility and achieve a superior performance in the gold market, measured by the index London Gold Market Fixing - LBMA PM Fixing Price (GOLDLNPM).
- The sub-fund is actively managed using a diversified approach, particularly utilising models (quantitative method) using several strategies.
- The sub-fund invests primarily in physical gold in the form of ingots or standard gold bars with a minimum purity of 995/1000.
- The sub-fund may invest up to 49% of its assets in collective investment schemes and up to 10% in structured products.
- The sub-fund uses derivative financial instruments for hedging purposes and for the good management of its portfolio.
- The currency risk is hedged against the reference currency of the class.
- Investors may request to redeem their units every bank business day, unless the price of the positions held by the sub-fund is unavailable (closed market).
- The class distributes its net income once a year.
- The class supports its own transaction costs which are deducted from the yield.
- The class is open to qualified investors. Its reference currency is the Swiss franc.

## Risk profile and income

1	2	3	4	5	6	7
---	---	---	---	---	---	---

- The risk category represents the annual historical volatility over a period of 5 years.
- Historical data, such as the data used to calculate the synthetic risk indicator, may not be a reliable indicator of the future risk profile of the class.
- The risk category shown is not a target or a guarantee and may change over time.
- The lowest risk category does not mean a risk-free investment.
- The sub-fund invests in physical gold, which explains the

allocation of this risk category.

- The sub-fund offers no guarantee or protection of capital.

The class is also exposed to the following risks that are not taken into account by the synthetic risk indicator:

- Liquidity risk: A market's possible inability to absorb given trading volumes, thus affecting the purchase and sales of positions held by the sub-fund.
- Counterparty risk: When a third party (borrower or structure) is not able to meet its obligations to the sub-fund, which may adversely affect the value.
- Operational risk: Arises when inadequate or defective internal processes negatively impact the value of the sub-fund.
- Risks linked to derivative financial instruments: Their value is dependent of that of an underlying asset. A marginal change in the price of the underlying asset may cause a significant change in their price.

## Fees

---------------	-------

### Fees charged to the assets of the class under specific conditions

Performance fee	20.00%*
-----------------	---------

\*per year on any realised returns by the class that exceed the benchmark defined for this fee, namely the index London Gold Market Fixing - LBMA PM Fixing Price (GOLDLNPM). The High Water Mark principle is applied.

The performance fee for the last year amounted to 0.00% of the class.

The fees are used for the operation of the class, including its marketing and distribution. These fees reduce the potential growth of the investment.

The **issue and redemption fees** are maximums and, in certain cases, the investor may pay less. Please consult your financial advisor or distributor for the actual amount of the issue and redemption fees.

The **ongoing costs** are based on figures for the period ending December 31, 2021, which fluctuate from one year to the next. They do not include fees linked to the performance of the class or the transaction costs paid to third parties, except for costs related to the issue or redemption of units in target funds.

For further information concerning fees, please refer to the "Fees and expenses" section in the Fund's prospectus.

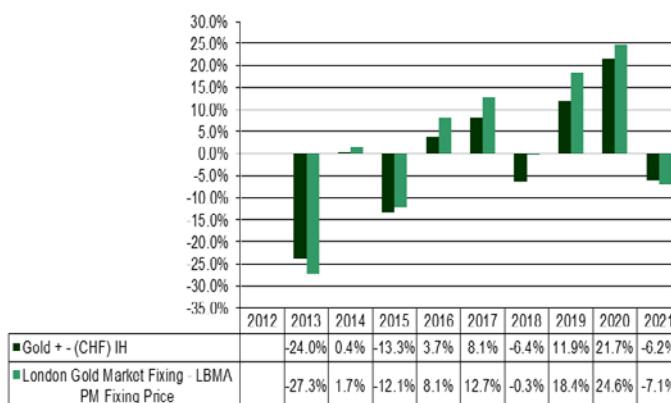

## Past performance

The class was launched on 21 February 2012 (the sub-fund was launched on 22 October 2010).

Past performance is not indicative of future performance.

Past performance does not take into account commissions and costs incurred for the issue and redemption of units.

Past performance has been calculated in CHF.
